M. Arch | Experience Designer | Front-end Developer

## HERE'S MY STORY

I'm an exhibit designer with more than 10 years of experience in the exhibit and trade show industry. Some people call it environmental design; others call it experimental design. I often describe my role as a brand promoter. Throughout my career, I use architectural design principles to promote brand experience through forms and spaces. Currently, I am looking to expand my design capability from the physical world into the digital world.

## WORK EXPERIENCE

### Intern Architect

ZGF ARCHITECTS LLP - PORTLAND, OR  
SUMMER 2007

- Create 3D models of buildings and furniture
- Assist architects with 3D rendering and visualization
- Create textures for use in 3D rendering
